DSL standard: The Internet subscription for frequent surfers.

Fast surfing and download speeds: music, films and online games are transmitted in outstanding quality. This Internet subscription is ideal for connecting multiple computers.

Internet connection speed

Download*	max. 10 000 kBit/s min. 2400 kBit/s
Upload*	max. 1000 kBit/s min. 200 kBit/s
Monthly subscription price	CHF 49.–

* The actual speed of the Internet connection will depend on your telephone connection (e.g. distance from the telephone exchange.)

Information:

This offer is only available in combination with a DSL and NATEL® subscription. All of the NATEL® subscriptions listed above are permissible as well as DSL standard (one DSL standard subscription per NATEL® subscription). The minimum contract term for the supplementary DSL contract is 12 months. Please note that your fixed network connection will be muted. You will therefore no longer be able to make any telephone calls (including emergency calls) via the fixed network connection. For technical reasons, no static IP addresses may be used. DSL and NATEL® can also be combined with Swisscom TV.
